FEBRUARY 7, 1955

TERMS: Unless otherwise specified, 1½% discount for cash within ten days from date of invoice or net 60 days, to firms of approved credit; otherwise C.O.D. or sight draft against documents, less 1½%. Bags are extra, except for full bag lots of Beans, Peas and Corn.

## IMPORTANT

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE. Orders will be invoiced at prices in effect on date we accept the orders.

IMPORTANT: The following prices are per lb., unless otherwise mentioned. Prices herein are F.O.B. shipping point.

All quotations are subject to prior sale and our confirmation.

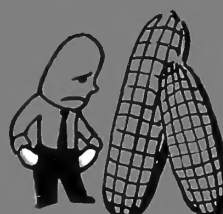

F. H. Woodruff & Sons, Inc. warrants to the extent of the purchase price that seeds or bulbs sold are as described on the container, within recognized tolerances. Seller gives no other or further warranty, express or implied.

**BREEDING  
STATIONS =  
MORE EXPENSE!**

It is true that our program of plant breeding and variety testing is costly but it is only in this way that Woodruff can supply you with the highest possible quality in vegetable seeds.

# You should be Selling these **NEW** Varieties

## SWEET CORN

**GOLDEN BEAUTY** — All-America Silver Medal for 1955. The outstanding Early Hybrid introduction in a decade. 68 days. Excellent plant and ear vigor. More resistant to Stewarts Wilt than other early hybrids.

**GOLDEN SECURITY** — Here is the leading market garden hybrid of all times. It matures in season with Golden Cross Bantam. Golden Security usually produces 2, occasionally 3 ears per stalk, resulting in the largest number of ears per acre. This hybrid is particularly adapted to the market garden trade, freezing and home gardens. You can recommend Golden Security to your customers with enthusiasm.

**VICTORY GOLDEN** — A main season yellow hybrid. We believe it is the highest quality high yielding corn yet developed. Flavor and tenderness are excellent. Victory Golden is used extensively by processors, shippers and market gardeners who plant to produce and sell top grade merchandise. An ideal corn for the home gardener either for fresh picked table use or home freezing.

## LETTUCE

**LAKE SUPERIOR** — A line-bred strain of Great Lakes from a single plant selection. A very uniformly maturing crop, of top-size heads. Its tolerance of high temperatures and tip-burn, and good shipping qualities, make it a fine lettuce for the market gardeners spring crop on the East coast. Heads are fully rounded at maturity and very solid.

## ONION

**WOODRUFF'S EARLY YELLOW GLOBE** — A sure bulbing strain for early market, produces a crop when others fail. The bulbs are medium large, globular to slightly flattened, with a thick deep yellow skin, and a creamy flesh frequently green tinged.

## PEAS

**WOODRUFF'S TOPPER**. Resistant to Fusarium Wilt. Excellent for canning, freezing and market. Vines 28-30" tall. Peas dark green of fine flavor.

## SQUASH

**BUTTERNUT** — Fast becoming the most popular small winter squash in the East. Our improved thick necked strain meets the critical requirements of the market garden and shipping trade. Fruits are about 10" long, 4½ - 5" in diameter and weigh 3 to 4 lbs. The flesh is brilliant orange and of excellent quality and flavor. Delicious baked or boiled.

## TOMATO

**Ohio WR Brookston** — Immune to Fusarium Wilt. Developed by the Ohio Agric. Experiment Station for Processors and Home Gardeners. Few days earlier than Rutgers with exceptionally good red color. Fruits are large, weighing 5 - 6 oz. Brookston will set fruits in hot weather.

**INDARK** — A new variety in the Rutgers class, very vigorous vine with an erect growth habit. Fruits are deep globe shape, relatively free from cracks, good outside and inside color, larger fruits than Rutgers.

PROTECT  
SEEDS  
WITH

**Spergon**

A good fungicide for treating seeds, with resulting increases in stand and yield. Suitable for any kind of seeds, it is SAFE for delicate seeds and safer for the operator, PROTECTS against "damping off" and seed decay. STIMULATES growth, healthy plants and higher yields. It may be used with inoculants, and peas treated with it require no graphite. It retains its strength, coats evenly, adheres well. Contains no mercury or copper.
